

# Digital Math

## Standards • Assessment • Tutorials

The Imperial County Office of Education has licensed Digital Math to assist students in grade 6, grade 7, and Algebra I. The Digital Math content is aligned with the California State Standards for Mathematics and serves as a tool to help students prepare for the California High School Exit Exam.

### IT'S FREE!

This web-based resource is available at no cost to students, parents and educators in Imperial County. This is a service provided by Learning Technologies.

## IT'S A CUTTING EDGE SOLUTION FOR ONLINE MATHEMATICS ASSISTANCE!

Digital Math is a website featuring resources to help students, parents and educators learn about the California Mathematics Standards and to prepare students for the California High School Exit Exam (CAHSEE).

### Mathematics Standards

- Provides over 150 standard-aligned problems
- Displays specific math standards tested on the CAHSEE
- Helps students, parents and educators understand the standards by grade level

### Assessment

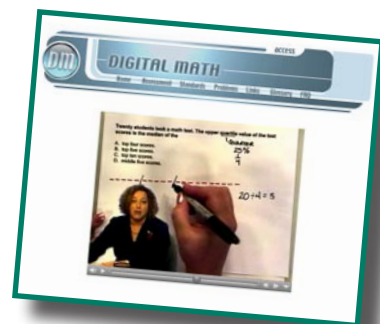

- Provides pre-tests to help students identify areas of need
- Allows students, parents and educators to design an individualized study program to address specific needs

### Online Video Tutorial

- Solves problems using the 80 California Mathematics Standards
- Allows students to work at their own pace

### Home and School Use

- Assists students and parents in understanding and preparing for the CAHSEE
- Supports after-school tutorial and intervention
- Allows at-home access for students

## SOUND GOOD?

If you'd like to get started using Digital Math, visit <http://digitalmath.learningtech.net/> or contact Learning Technologies at (760) 312-6403.
